

Internship and Job Search Checklist

The job search can feel overwhelming, so it's helpful to break it into manageable steps. The good news is you don't have to do every step in order. For example, you can start working on your resume before you identify what you want to do. Speak to an OSU Career Counselor (CC) if you would like assistance with any of the steps. Use this checklist as a guide as you go through the various stages of career development and as you begin your internship or job search. Check off as much as you can and bring it with you to your appointments with your career counselor.
