FELLOWSHIP OPPORTUNITY

The National Science Foundation's (NSF) National Center for Science and Engineering Statistics (NCSES) is seeking a Research Fellow

WHAT WILL I BE DOING?
Participate in improving the documentation and resources available to researchers using NCSES business microdata made available through the Federal Statistical Research Data Centers (FSRDC) network and complement this with publicly available documentation to aid prospective researchers.

PARTICIPANT BENEFITS
Selected participants will receive a competitive stipend for living and other expenses during this appointment. Stipends are determined by participant's academic standing, discipline, and experience.
You may also be eligible to receive:
Health insurance allowance, reimbursement for travel expenses, and training allowance for professional development and to professional meetings

LOCATION
This Research Fellowship is fully remote.

DURATION
Fellowships are for one year and may be extended based upon project needs and funding availability for up to 5 years.
